

Introducing DFP Partners

DFP Partners **Your business is our business**

For over 40 years, DFP Partners—formerly The SDDco Group—has been a committed ally to Broker-Dealers and Registered Investment Advisers looking for accounting and compliance services.

At DFP Partners, our clients are entrepreneurs with little time to wrestle with the intricacies of securities regulation. That's why we've built our business around managing your regulatory burdens as if they are our own—freeing you to focus on what you do best.

At DFP Partners, our accountants and consultants bring their expertise and imagination to every client challenge. Our people-first approach has enabled us to maintain our pledge to always serving the best interests of our clients above anything else.

“I have found that DFP Partners is an extremely engaged partner in accounting and compliance, and I personally brought in DFP Partners when I joined a new firm. I have recommended DFP Partners as “Best in Class” and consider their level of professionalism and dedication to be second to none.”

— Tamara Hunter | Executive Representative, Handelsbanken Markets Securities, Inc.
